Charity-Fundraiser Opportunities

It's guaranteed to increase your profit and completely risk free.

Sporting the Stars charity-fundraiser program has helped hundreds of charities exceed their fundraising goals. Sporting the Stars knows that the most important element of any charity-fundraiser is to offer exciting items to your audience that will stimulate interest and enthusiasm. Sporting the Stars has years of experience and success in utilizing authentic sports memorabilia to enhance the atmosphere of charity-fundraisers. Most importantly, sports memorabilia will provide higher profits for your charity event without any risk to you.

The Sporting the Stars team will work closely with you to determine what specific sports memorabilia will best fit your vision. Additionally, we can provide athletic superstars and celebrity appearances to make your event even more unique and exciting.

It is simple, fun and easy...

The sports memorabilia items selected are consigned to you at a discounted price. Any profit raised through your event above the discounted consignment price of the sports merchandise will go directly to your worthy cause. If the sports merchandise does not sell, simply return the items to Sporting the Stars without any obligation or cost.

Joining the Sporting the Stars event planning team will insure a partnership that will increase your event attendance and profits. It's free, easy and guaranteed to help your charity-fundraiser event exceed your expectations.

Please contact us and we will personally start working on a winning strategy for your next charity-fundraising event.
